Class Descriptions

Acrobatics – we offer Dance Acro, infusing gymnastics skills, Hip Hop breaking, and Jazz tricks. We use age as a *guide* in the initial placement of a student. After that, skill level will dictate where the student is placed.

Adults – A fun and aerobic class for adults who have never danced before or have been away from it for a "long" time. We keep a positive attitude, exercise, and learn dance at the same time!

Ballet/Cecchetti– Solid ballet technique is the foundation of any well-rounded dancer. The Cecchetti Method, an established and graded ballet method, will be taught by a certified Cecchetti instructor.

Hip Hop – A fun class that offers a mixture of funk, popping and locking, and break dance. Guest teachers and guest choreographers in the advanced classes will help to create the more well-rounded Hip Hop dancer. To register for Hip Hop classes, the student must have previously taken at least 1 year of Jazz.

Jazz – Jazz is the foundation of contemporary dance. Along with ballet, it offers the technique and artistry that make up the basics of dance as we know it. Throughout the year, we will do studies on Lyrical as well as Contemporary, both being genres that have stemmed from Jazz dance. Age will be the guide used in *initially* choosing the appropriate class.

Performance Companies- These groups have specified and mandatory classes in Jazz, Tap, Cecchetti, and Acro. Additional classes in other genres are recommended. Along with the recital, they attend dance workshops, conventions, and competitions as well as community events such as fairs, festivals, parades, etc. Students will be required to attend 2-4 events per school year. Please contact Ms. Sarah for more information.

Pointe- A fun and challenging class that builds strength and body awareness. Offered to ages 10 and up who have had at least 3 years of ballet and are currently taking Cecchetti. Please talk to Ms. Sarah before registering for Pointe. (See "Attire" above for shoe specifics.)

Private Lessons – Recommended if the student needs to work on specific steps, to make up for absences, or to discover if the student would like to pursue a dance genre and register for that class. Also required if a student starts late in the year and needs to "catch-up". Each half-hour lesson is \$25 and can be scheduled with any staff member upon their consent.

Solos, Duets, Trios – These are dances created to be performed and are made by appointment only. Cost is \$240 for 16 half-hour sessions (divided among how many dancers there are). The 16 half-hour sessions are broken up into 6 choreography sessions (preferably scheduled within a 2 month time frame) and 10 "cleaning" sessions (to be used until the performance). The choreography sessions must be with the same choreographer, but the 10 "cleaning" sessions may be with any staff member upon their consent. A contract will be signed and fees paid in full before the first lesson. If more sessions are needed, they will be considered private lessons and billed appropriately. Please contact Ms Sarah for more information.

Tap – Tap is the study of rhythms, syncopation, and coordination of the feet. Any serious dancer needs to have experience in Tap; it corresponds to all other dance genres.

Toddlers – 2 ½ - 4 years old. Based on the principles of Ballet, Tap, and Acro, this class will help the students start to learn coordination, rhythm, and how to handle group relationship situations. The class will also incorporate some props that correspond to the movement exercises planned for that day as well as occasional crafts. ***These classes may be added based on interest;** Improvisation, Choreography, Lyrical
